infinite people

FOR MICROSOFT PARTNERS

You implement the technology. We make it work in the business.

Infinite People is your business workstream partner for Dynamics 365, Microsoft 365 and Copilot projects: process, change, adoption and training, delivered under your project and your brand.

20
projects delivered with Microsoft partners

15+
industries across South Africa

500+
professionals trained in one global programme

2022
in business since · Microsoft Certified Trainers

WHAT WE BRING TO YOUR PROJECT

The business workstream, done properly.

- Business readiness and process mapping (AS-IS to TO-BE)
- Role-based end-user and super-user training
- Change management and communications
- UAT preparation, go-live and post-go-live support
- Adoption and value measures you can take back to the client

HOW PARTNERING WORKS

We work as your supplier.

- In front of the client we are part of your team, with your branding and your email address.
- You invoice the client. We invoice you.
- The client relationship stays yours, during and after the project.
- For large rollouts we scale with trained associate trainers.
- We design it. Your partner, or ours, builds it. We don't do licences, technical readiness or development.

ALONGSIDE WHATEVER YOU'RE DELIVERING

Dynamics 365

Finance & Operations, Customer Engagement, Business Central and Project Operations. Navigation, your processes, support. Every module, the same method.

Microsoft 365 & SharePoint

Teams, OneDrive, SharePoint, Outlook, Word, Excel and PowerPoint. Ways of working, document management, intranets and knowledge portals.

Copilot & AI

Role-based Copilot enablement, prompting, responsible AI, Researcher and Analyst agents, champions and adoption.

STARTERS YOU CAN ADD TO YOUR PROPOSAL

Copilot Kick-start

Leadership briefing, scenario workshop, two hands-on sessions, prompt packs and a 30-day follow-up.

FIXED SCOPE · 20 HOURS

M365 Ways-of-Working Reset

Current-state review, agreed "how we work" rules, two training sessions and a champions briefing.

FIXED SCOPE · 18 HOURS

D365 Training Readiness Plan

Role and process mapping, training needs analysis, training plan, UAT approach and comms outline.

FIXED SCOPE · 24 HOURS

FOUR OFFERS THAT FOLLOW YOUR GO-LIVE
